### Uncertainties and a Certainty.

The attention of the public is now fully occupied and diverted in the consideration and discussion of several important current and prospective happenings. Annexation, as yet unsecured, Reciprocity threatened; the coming of the Naniwa, and her mission after arrival; the outcome of the war between Greece and Turkey and, whether or no, all Europe will eventually become involved; the settlement of the quarantine squabble—are all themes of much conjecture and uncertainty, and while opinions are freely offered, none can accurately foretell the outcome of any of these matters. Nevertheless, it is becoming more apparent, as each day passes, that Buffalo and Hoffbrau are the favorite brews, and it is gratifying that assurance is given that regular shipments of these wholesome and strengthening beverages can be depended upon, and that they will, as heretofore, be dispensed at the Royal, Pacific and Cosmopolitan Saloons, and that the interchangeable check system is an established fact.
